50 YEARS

of Bringing Friends & Family Together

Established in 1972 as a charcoal distribution company, Mr. Bar-B-Q has evolved into one of the largest suppliers of BBQ, fireplace and outdoor living accessories. While we have had many changes through the years, our priority is providing practical and innovative products at an excellent value. As our product line has grown and become more diverse, our commitment to quality is stronger than ever. Thank you for your interest in our ever growing company and products.

3-in-1 Barbecue Tool

02873Y

- The newest 3-in-1 member of the grilling royal family has arrived. Who knew a fork and a spatula could create the ultimate tong? You can pierce your meat, flip your burger and grab your veggies with this unique tool. Whether the king and queen are together or separated, they still created the perfect heir to the grilling dynasty.

INTRODUCING OUR NEW LINE OF GRIDDLE ACCESSORIES

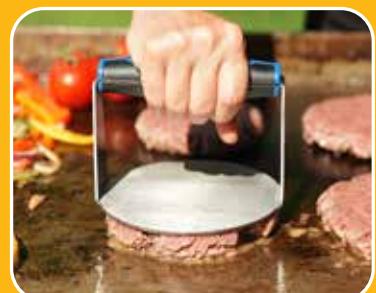

The griddle is back and better than ever. With people cooking at home more often, "griddling" is a fun alternative to grilling. The griddle experience is like having a diner and a hibachi restaurant in the backyard.

Perfect for cooking a variety of foods at one time, the griddle has the space and temperature control to bring out the short order cook in everyone. Whether it is breakfast, lunch, dinner or anything in between, our Razor tools are revolutionizing the griddle experience.

- Cutting board size: 12.25" x 8.25" x .50"
- Case pack: 2

From the Himalayas to your grill

Himalayan salt blocks aren't your typical cookware! They're incredibly dense and conduct heat efficiently, but slowly, which is why the slab retains heat so well and seasons food evenly.

Himalayan Salt Block with Serving Tray

40409Y

- Mineral-rich pink Himalayan salt adds delicate flavor to food
- Retains hot and cold temperatures evenly
- Heat on the grill to cook thin cuts of meat, fish and shellfish
- Chill in the refrigerator to serve cold appetizers, cheese, sushi and fruit
- 12" X 8" X 1.5" (salt block only)
14.5" (with tray)
- Case pack: 2

*The Himalayan salt block is
nature's cook top and serving platter.*

The salt block will add a delicate, yet full-bodied salt flavor to your food. Food prepared on a salt block is infused with over 80 minerals that are naturally occurring in the salt. The salt block distributes heat evenly which makes it ideal for cooking chicken, meat, seafood or vegetables. Chill the block to serve cold appetizers, cheeses, sushi, or fruit while infusing a subtle salt undertone. Himalayan salt is a natural antimicrobial that self-disinfects, making clean up a breeze, only requiring a quick rinse and air drying.

Replacement Salt Block

40411Y

- Case pack: 2

COOL*TEK™

1. Simply place the Cool Tek freezer pack flat in the freezer

Cage prevents haystack from being smothered

Fatwood Fire Starter

249911

- Great for outdoor cooking, camping and wood stoves
- 100% natural, nontoxic, no oils or chemicals
- Ignites when wet
- Case pack: 12

NEW!

CSA APPROVED GRILL BRUSHES

QUALITY & SAFETY

In response to several reports of metal bristles from grill cleaning brushes being ingested via grilled food, The CSA Group recently published a new Canadian national standard for barbecue grill brushes (CSA Z630:19).

The standard was created by the Technical Committee on Barbecue Brush Safety, led by major retailers and manufacturers.

► **EVERY RETAILER** in Canada is currently requiring that grill brushes meet the new CSA standards.

► **A MAJOR RETAILER** has made it a standard for all steel bristle brushes, and other U.S. retailers will likely follow suit.

BENEFITS

While there is an increased manufacturing cost to conform to these stringent standards, benefits include increased safety and durability.

- ✓ **INCREASED** sales and customer satisfaction
- ✓ **MINIMIZING** recalls and returns
- ✓ **UPHOLDING** a reputation for delivering the safest quality products

CSA STANDARDS FOR GRILL BRUSHES

WHY: The standard aims to minimize the risk of bristles becoming dislodged.

OPTIONS: Nylon bristles, wood scrapers, steel coils, scrubbers and stone are not held to these same standards because the risk is lower or non-existent.

REQUIREMENTS: The standard covers the construction, mechanical details, instructions and marking requirements for hand-held barbecue grill brushes. These are stringent standards that are not easy to pass.

PATENTS PENDING: Currently applying for IP to protect our detailed manufacturing process.

THE STANDARD SPECIFIES REQUIREMENTS FOR:

- Wire bristle tuft attachment strength
- Wire bristle durability – cycle and load force
- Replacement heads
- Permanent on-product warning requirements
- Requirements for instructional literature

NEW INCREASED STANDARDS*

2X
Tensile Strength

180X
Cycle Counts

*Tensile strength testing increased from 10 lbs of force to 20 lbs.
Bristle endurance testing increased from 20 cycles over grid to 3600 cycles.

DUALHEAT® FIRE PIT + PATIO HEATER

For a truly endless summer, our patented DualHeat technology marries a traditional fire pit with an infrared patio heater to provide total body warmth. The table is designed to be used four ways; fire pit, patio heater, fire pit plus patio heater or add the insert to use as a table. The versatility, functionality and beauty of DualHeat makes it a smart solution for any outdoor living space.

SPRINKLER SYSTEM BACKFLOW ASSEMBLY

BACKFLOW ASSEMBLY WITH COVER

FitRite™ Insulated Backflow/RP Cover

247789

- Cover helps prevent backflow device from freezing after winterization*
- Extends your watering season
- Allows backflow devices to function properly
- Made for virtually all brands of PVBs/RPs
- Durable weatherproof material, UV/cold resistant
- Easy installation, installs in seconds
- Case pack: 10

*Failure to have the backflow device properly winterized by a licensed professional prior to the first freeze will void any warranties either expressed or implied.

DURABLE & WEATHERPROOF

VELCRO CLOSURE

HELPS PREVENT FREEZING

SkeeterVac® Insect Trap

Catches mosquitoes, flies, Asian beetles, wasps, hornets, yellow jackets, moths, stink bugs and other flying insects.

SV5100

- Quiet, odorless, cordless and runs on LP gas (*not included*)
- 35,000 cc/hour CO₂ output
- 1+ acre coverage
- For sale in the U.S. only
- 33.5" L x 20" W x 26" H

SV3100

- Quiet, odorless, cordless and runs on LP gas (*not included*)
- 27,000 cc/hour CO₂ output
- Up to 1 acre coverage
- For sale in the U.S. only
- 25" L x 12.1" W x 31.5" H

CO₂
Mimics human breath.

Cordless
Can be placed anywhere.

Warmth
Mimics human body.

WaveDrawer™
Easy clean-up.

TacTrap (included)
Patented high contrast sticky paper is an effective insect attractant.

Vacuum
Larger fan creates increased suction power.

FineTune® Bait System (included)
Powerful attractant and adjustable to fit the mosquito species in your backyard.

Motion Lighting
Attracts a broader range of species.

TacTrap Replacement Traps

CPSX000021

- For use with most SkeeterVac devices
